Ten Questions

That Help You Choose Well

Nithya Kishore

I.

If fear had a smaller vote, what would I choose?

Fear deserves a seat at the table, and it keeps taking the head of it.

II.

Whose ambition am I carrying, mine, or one I borrowed?

Naming the owner of an ambition is the first step to choosing freely.

What am I holding on to, and what is it time to release?

Every choice forward asks something of the past.

What does my head know that my heart resists, and the reverse?

Clear thinking and an open heart each see something the other misses.

V.

Which choice would I defend, even if it disappoints someone I love?

A choice you can stand behind in a hard conversation is usually one that is genuinely yours.

What is the quiet option the noise keeps drowning out?

Somewhere beneath the noise, a quieter possibility has been waiting patiently to be heard.

If this choice shapes who I become, who am I choosing to be?

We think we are choosing colleges and careers. Underneath, we are always choosing a self.

What would I choose if I trusted myself a little more?

Often the decision is already made, and what is missing is permission.

What would make this choice mine, even if it turns out imperfect?

Choosing well is different from choosing perfectly.

X.

Ten years from now, which version of this story would I be proud to tell?

Zoom out. Today's crossroads becomes a single chapter in a longer story.
